DIGITAL TECHNOLOGY and MUSIC with Jessica

What are we learning:

1. To play and read music starting with the first three notes, B, A, G
2. To play in time and with each other, while making a nice sound
3. To programme robots to do what we want, when we want

- For Pod 1. to use arrows to navigate between different shapes. And to navigate our robots to those same shapes
- For Room 2. To use arrows to navigate between different shapes, to navigate our robots to those same shapes. And tell the story of "That is not a good idea" using robots
- For Room 3 and 4. To tell a story we have created with our robots that lasts between 1 and 2 mins, with props and costumes we have created

4. To work in a team/pair, negotiate, compromise and encourage our team members to achieve a common goal
5. To manage our time and tasks to complete our project on time

We will continue with these aims through term 2.
